
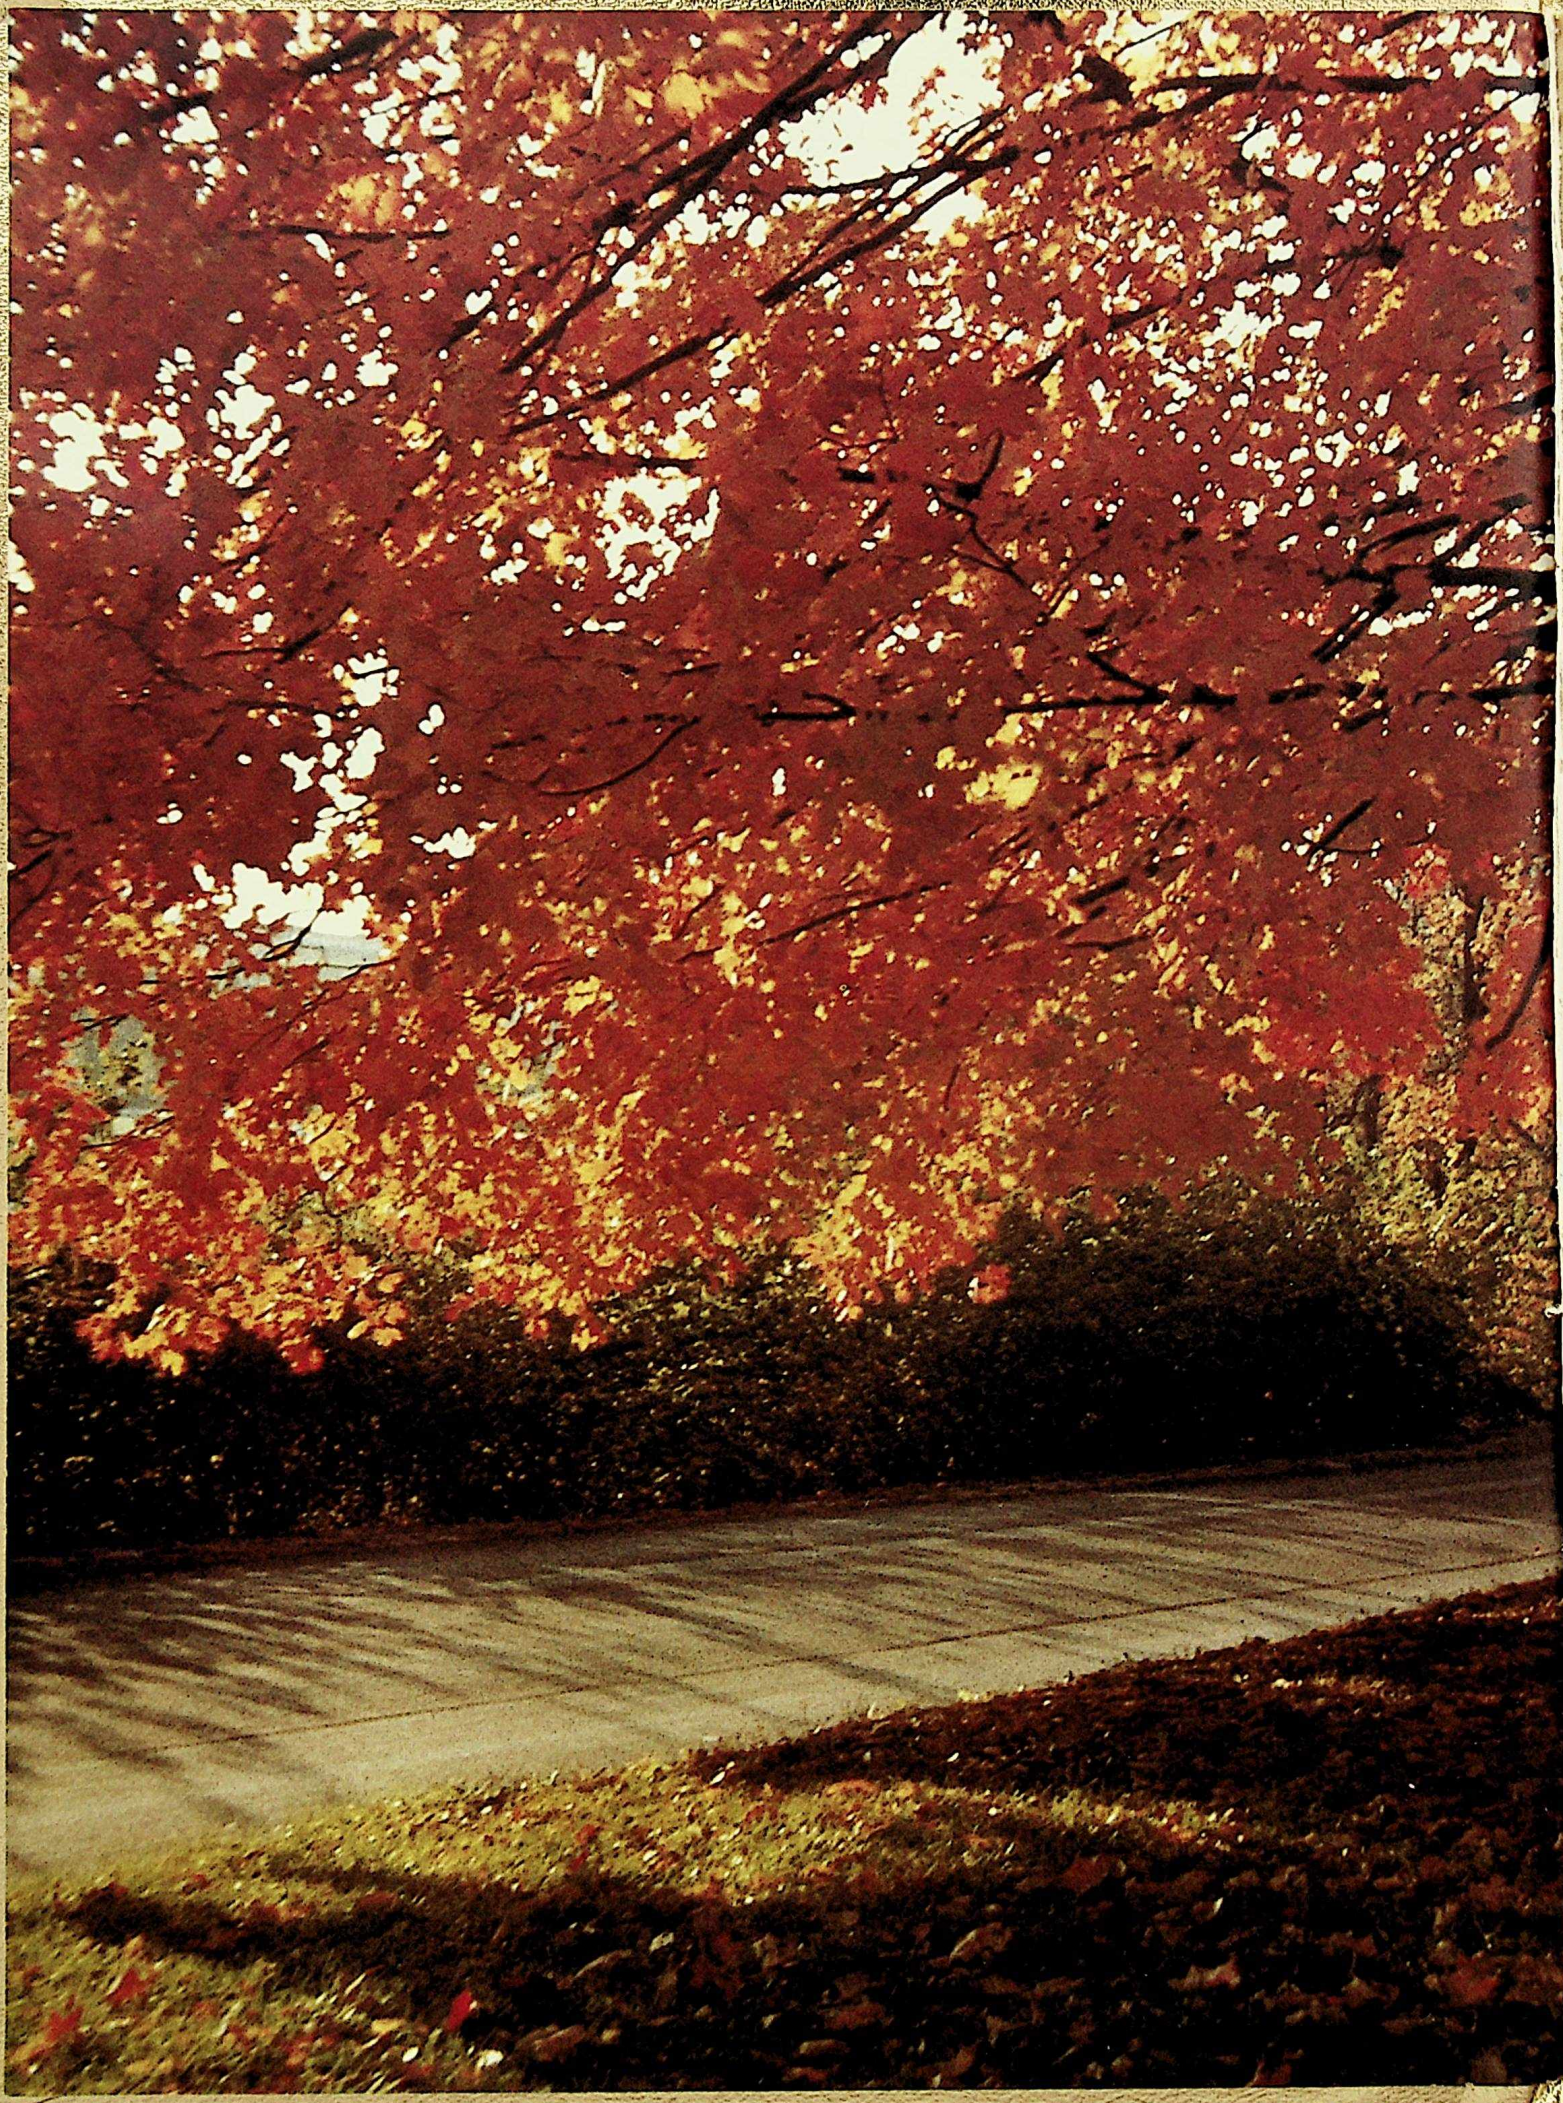
Warrior '76



Warrior 1976

W.P. Wagner High School

6310 Wagner Road
Edmonton, Alberta, Canada

Principal's Message

May I extand my thanks and appreciation to the Yearbook Staff and Mr. LaBuick for their fine efforts in preparing this valuable document of our year's activities. The fine tradition of the previous years is being upheld through this year's issue.

In reviewing our work for the past school year I note with great satisfaction that our graduates are in increasingly greater demand for the labour force.

Indeed, this year we were unable to fill various demands for firms in the mental fields, construction fields, and drafting. Though a strong Work Study Program our graduates have capably demonstrated their value, worth, and ability.

Our school continues to impress foreign visitors as well as visitors from throughout Canada. We have something to be proud of. I know our future graduates will work as hard to make this the finest school in Canada.

R P Stitt

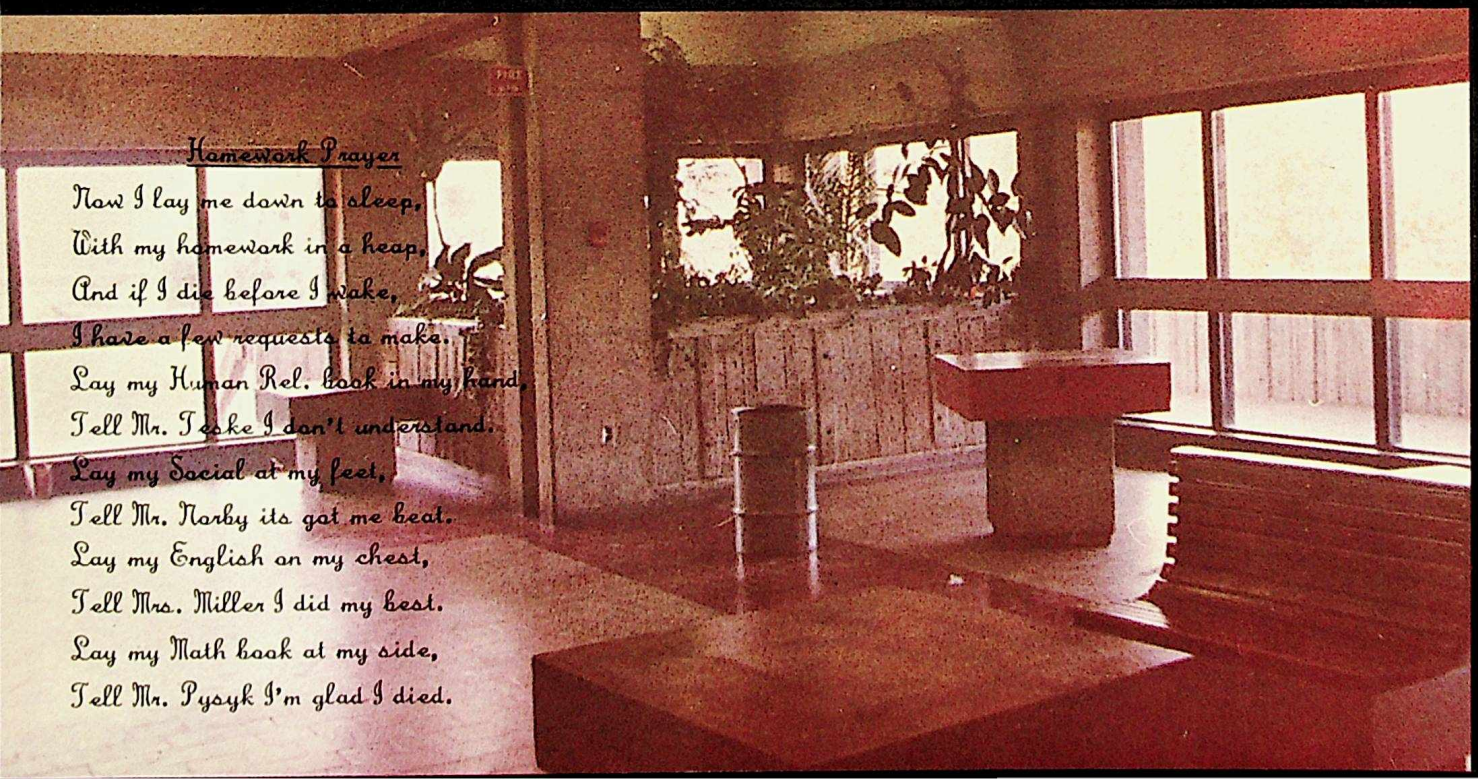
But it is still there,
Waiting for you
To come back"



Homework Prayer

Now I lay me down to sleep,
With my homework in a heap,
And if I die before I wake,
I have a few requests to make.
Lay my Human Rel. book in my hand,
Tell Mr. Teske I don't understand.
Lay my Social at my feet,
Tell Mr. Norby its got me beat.
Lay my English on my chest,
Tell Mrs. Miller I did my best.
Lay my Math book at my side,
Tell Mr. Pysyk I'm glad I died.

e it And go on to the present,

ad Exercises this year were held in the mnasium on Friday, June 11th, with officials ficials Reverend I. H. Holm, Mr. Earl Tur- y, Mr. D. P. Stetsko, Mr. E. Gish and Mr. Smith.

Valedictory Address by Kim Tymkaw

Master of Ceremonies, Platform guests, Parents, Teachers and Graduates.

This afternoon marks a special time in our lives. Together we have been challenged and have succeeded in achieving, the goals set for us. Graduation, a dream to many, is now a reality.

When we the graduates of W. P. Wagner High School, leave this year, we will probably all go in different directions. Some of us will be making use of skills we have learned in our vocational areas. Some of us will be using other techniques we have learned. Pursuing something we never even considered. Even though we will probably be going in different directions, we will still have one thing we can relate to, the years we have spent at W. P. Wagner.

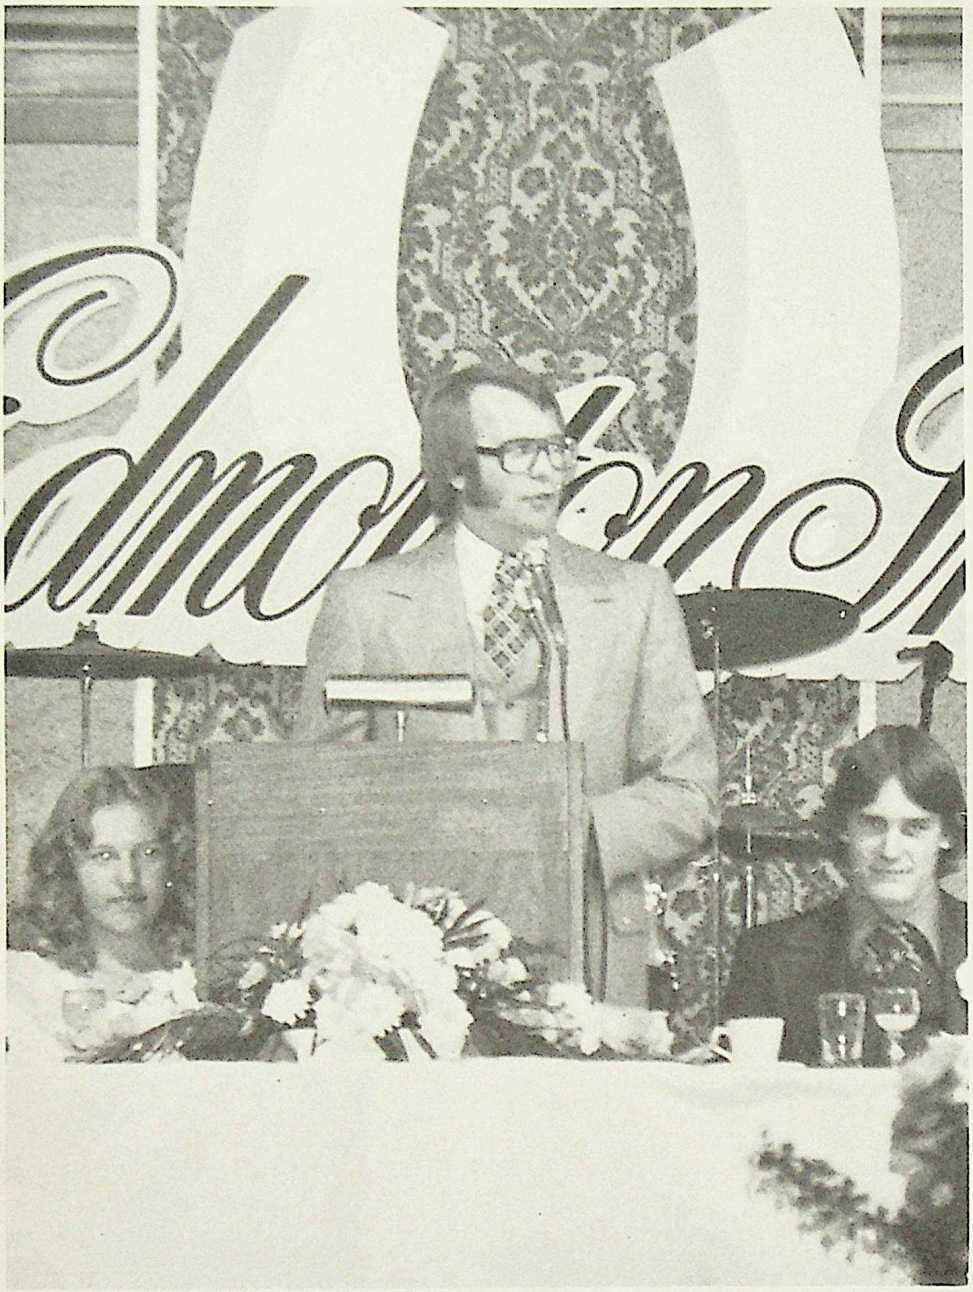
This year we will be changing our roles. We are going into a society where many people only have time to think of themselves. So that means times might become difficult. But if you are willing to put something into the work you are doing and not only think of yourself, you will be more prepared if something does go wrong. On the other hand so many good and exciting things will happen.

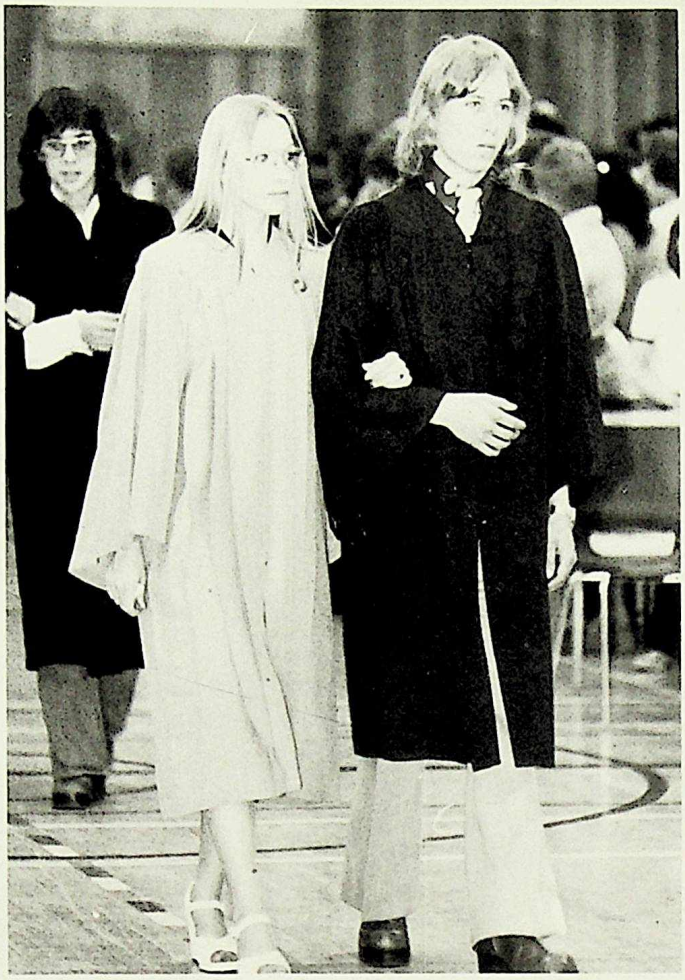
Our parents or guardians, have had the most important part in raising us. Through the years they have fed and clothed us. They have seen our entire growth and a number of changes in us. We are very grateful for all you have done. We hope that in the years to come your lives become more fulfilling and that there will always be a place for us in your hearts and minds.

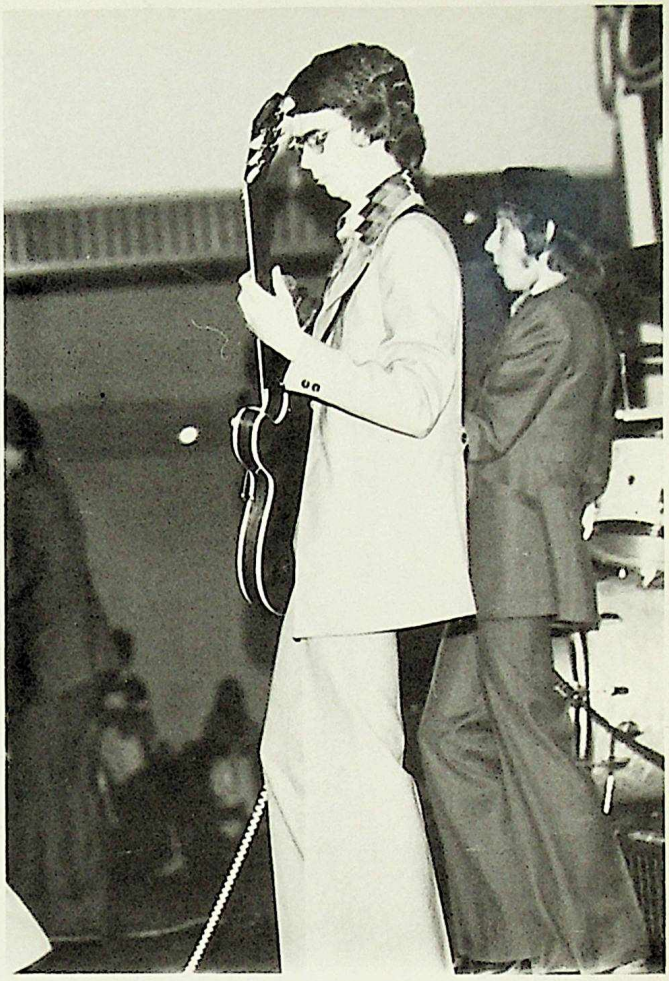
Not only have parents had the chance to see our growth, some of our teachers have seen changes in us.

During my three years at W. P. Wagner I found that the teachers had an important part in changing me. By putting me in certain situations, they made me more responsible. Teachers have tried to guide and stimulate us by their many varied teaching methods. Hopefully their efforts will in some way be beneficial to our lives. And I hope they feel rewarded in seeing us graduate today.

Many people have been involved in our lives to this stage. We thank you for the time, attention and concerns you have given us. Your interest in us has been most important in what will become of us in the future. I would like to wish the graduates a most happy and successful future.

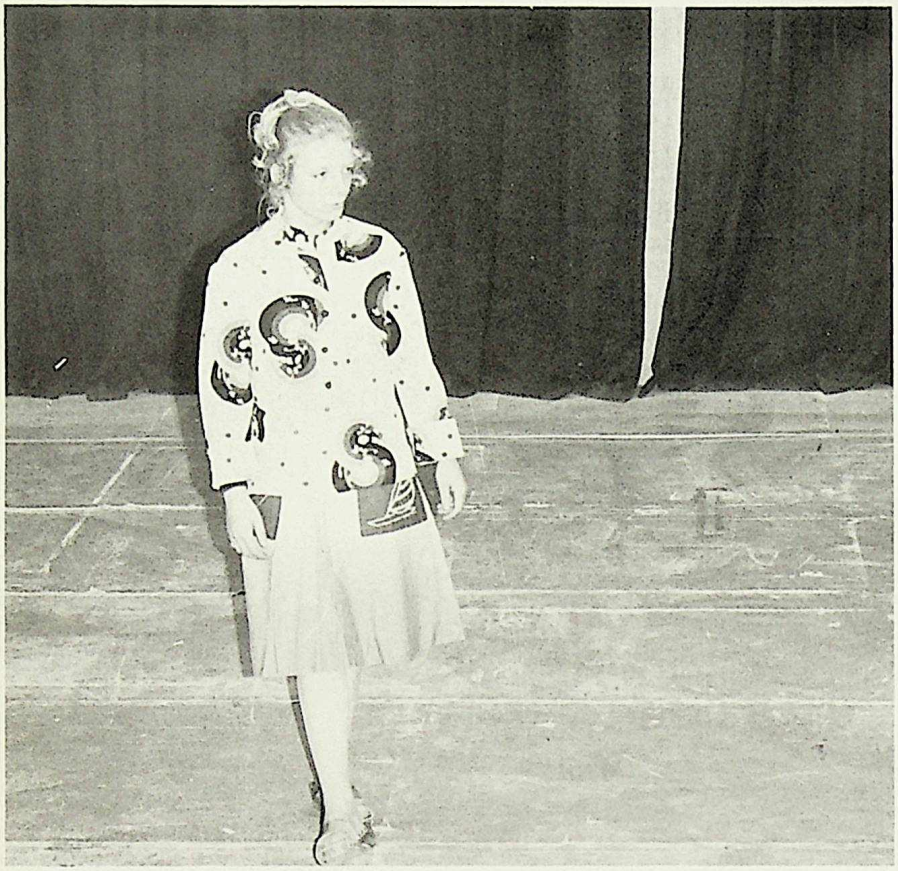


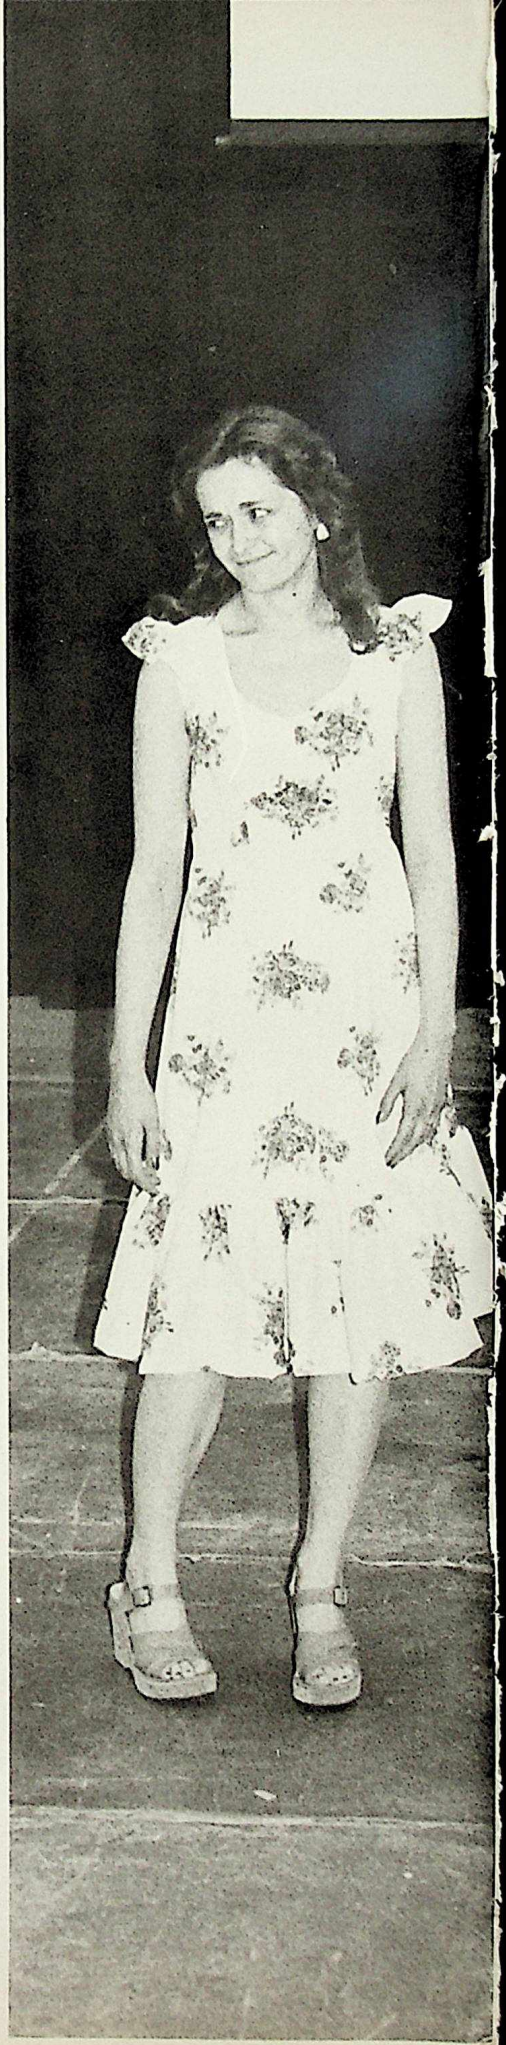




The dinner and dance was held at the Edmonton Inn from 6:30 pm to 1:00 am. The band was "Patch". The Grads seemed to enjoy themselves.

Fashion Show

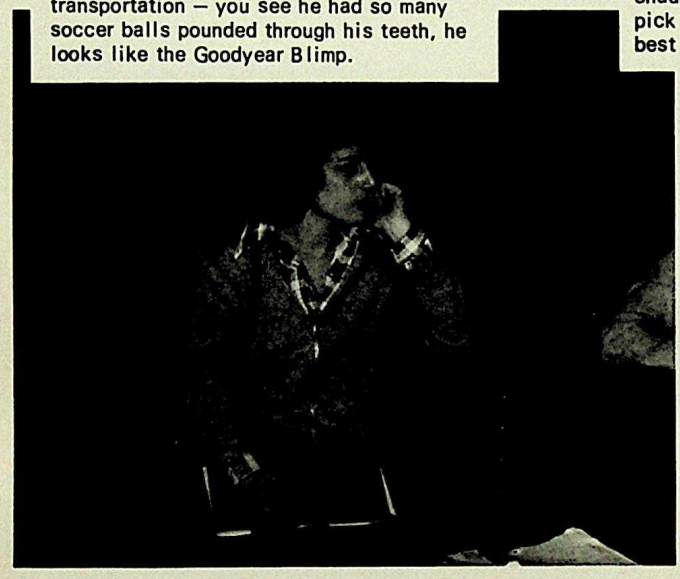




Predictions

ROGER MENNIE
Roger – please teach all your talents to some Year II student. Ever since one of the local businesses near the school heard you were graduating, they have been phoning us every day accusing us of putting them out of business. So, please call the Regency and get this matter straightened out.

RAY ROWE
Sieve will become the goaler for the Edmonton Oilers soccer team which will play in the W.S.L. – not the "World Soccer League" but the "Women and Sissies League". Ray will go into another field though – air transportation – you see he had so many soccer balls pounded through his teeth, he looks like the Goodyear Blimp.



KIM TYMKOW
Kim will combine her talents in Horticulture and Drama to be a success. She will get a job in the valley working with the Jolly Green Giant, reciting dramatic nursery rhymes to the plants to make them grow. So if you see someone in the vegetable patch with a lettuce leaf on her head, green leaves pasted all over her body, and saying "Mary, Mary quite contrary, How does your garden grow – With silver bells and cockle shells and one big stinking onion – that will be the jolly green Sprout, Kim Tymkow.

SHAUNA BAUMGARTNER
Shauna will become a famous lock picker. She will pick combination locks and Yale locks, but her best pick will be a Kyle Locke – next November

KEN HE

Atlantic
again. Th
Howe is
his skate

MARION SAGERT
Marion spent a glorious ski weekend to Jasper. She spent the weekend in the lounge with Kowaeskin, Kalminski and Rutski. She will meet a Danish beer merchant on the ski slopes and get married and brew beer. This will be right up Marion's salon as a hairdresser – she will make a fortune on Beer Shampoos.

GAIL LUNDIN, BONNIE WRIGHT, SHERRY McKINNON, SHARLENE FISHER, GEORGINA HARRIS, GARY ANDREWS
Mr. Pysyk says that the Regency just called again and that they are really in a panic now. Four waiters just committed suicide and they just closed up half the drinking area. Seems they can't go on without their regular noon hour business. The least you people could do is send personal letters expressing your regrets and promising 42 Year I's to take your place.

GRAHAM SCHELL
Mestinsek says h

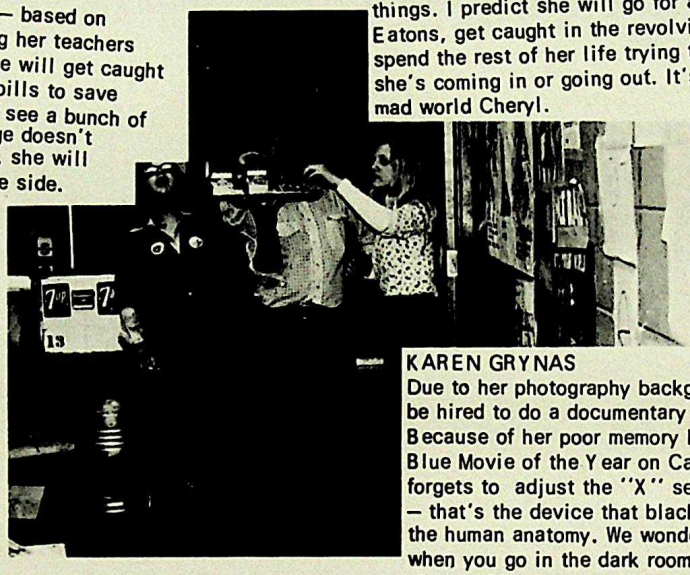
Houston Aeros may pick him up, Gordie
etting old, he needs someone to carry
.

ROB HILL
Rob will land a job with Edmonton's Citadel Theatre as a set designer. They're doing a play about Outer Space which takes place on the planet Saturn. Saturn has eleven moons whirling around it and Rob has great experience and expertise in "hanging moons".

GEORGINA SENTSCHUK
Georgina will become a master forger — based on her experience involved with supplying her teachers with doctor's and dentist's notes — She will get caught though — she will print million dollar bills to save time and effort. It's unusual enough to see a bunch of million dollar bills, but because George doesn't know how many digits are in a million, she will throw in 27 zeros just to be on the safe side.

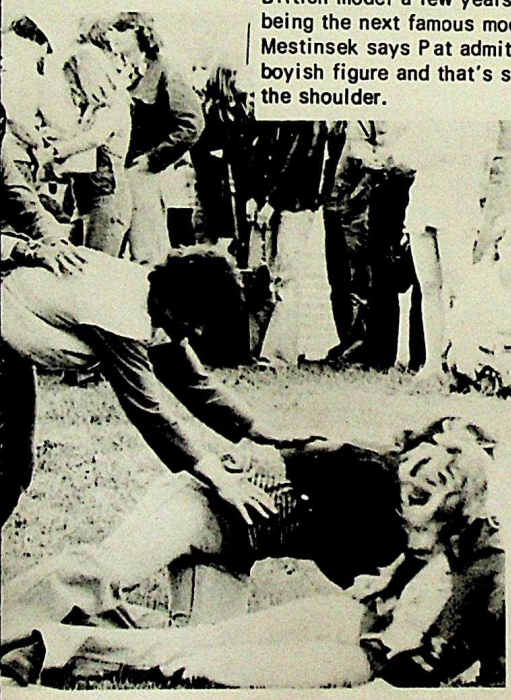
CHERYL CLARKE
Cheryl has a little trouble sometimes remembering things. I predict she will go for a job interview at Eatons, get caught in the revolving door and spend the rest of her life trying to remember if she's coming in or going out. It's a mad, mad, mad world Cheryl.



KAREN GRYNAS
Due to her photography background Karen will be hired to do a documentary on Nudist Camps. Because of her poor memory her movie will become the Blue Movie of the Year on Cable TV. She always forgets to adjust the "X" setting on the camera — that's the device that blacks out "no-no" parts of the human anatomy. We wonder why nothing happens when you go in the dark room Karen — All the other girls in Photography seem to come out with everything well developed.

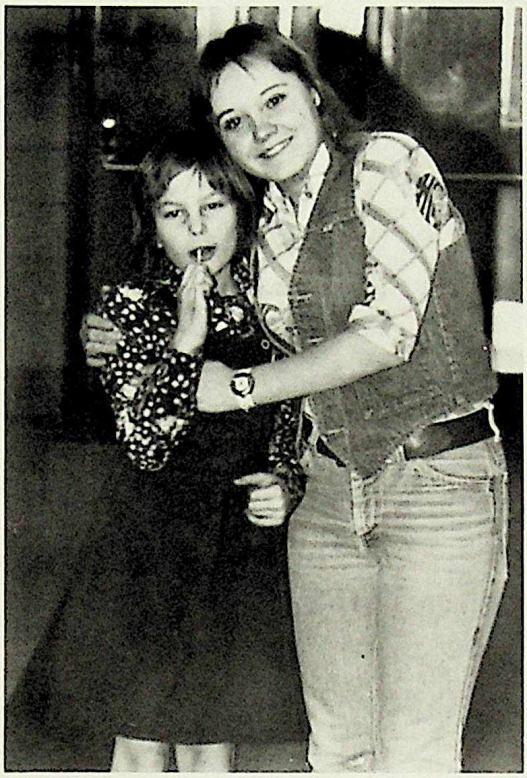
s one shell of a man.

PAT PENNER
Does anyone remember Twiggy, the slim British model a few years ago? I see Pat being the next famous model of that. Mr. Mestinsek says Pat admits she has a boyish figure and that's straight from the shoulder.



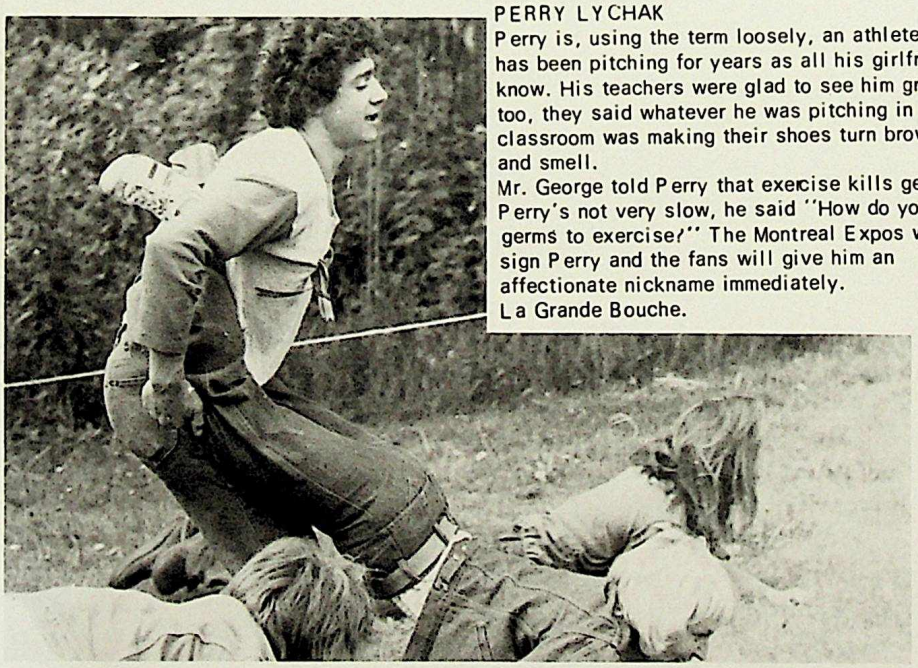
LYNN ROSYCHUK (A nice Irish girl)
Lynn will enter a contest at the Vegreville Annual Garlic Festival. On the strength of her performance in the talent section — typing the Ukrainian national anthem with her thumbs, she will win the contest and be crowned — Miss Cheese and Onion Pyrogy of 1977.

DOUG ARNT
Doug stored a tape deck in Mr. Tomlinso since the beginning of the year. Doug ho Tomlinson would say something worth re Tomlinson keeps pushing the button hop Arnt will self destruct. When the CIA he about his bugging activities, and see hi – they'll say "We better hire that big bu "er" - bugging expert.



GLENN ZAHARA
As a weightlifter, Glenn will go far. He does not use the standard lifts like Snatch and Grab. He uses a lift that he alone has perfected – the Squat and Cut-a-Fluff. The potent fumes bring such big tears to the eyes of the judges, they immediately press the "good lift" button to get him back to the dressing room as quickly as possible. He is presently working on a new lift called the Blast-Off.

BRIAN CULLUM
Brian will become famous for his experiments in the food industry. One idea he has is to water his garden with whiskey in order to get stewed tomatoes. On his vacation this year, Brian is going to Italy to visit the orchard during a spaghetti harvest. He's going to try to get some of the trees for transplanting in Canada.



PERRY LYCHAK
Perry is, using the term loosely, an athlete. He has been pitching for years as all his girlfriends know. His teachers were glad to see him graduate too, they said whatever he was pitching in the classroom was making their shoes turn brown and smell.
Mr. George told Perry that exercise kills germs Perry's not very slow, he said "How do you get germs to exercise?" The Montreal Expos will sign Perry and the fans will give him an affectionate nickname immediately.
La Grande Bouche.

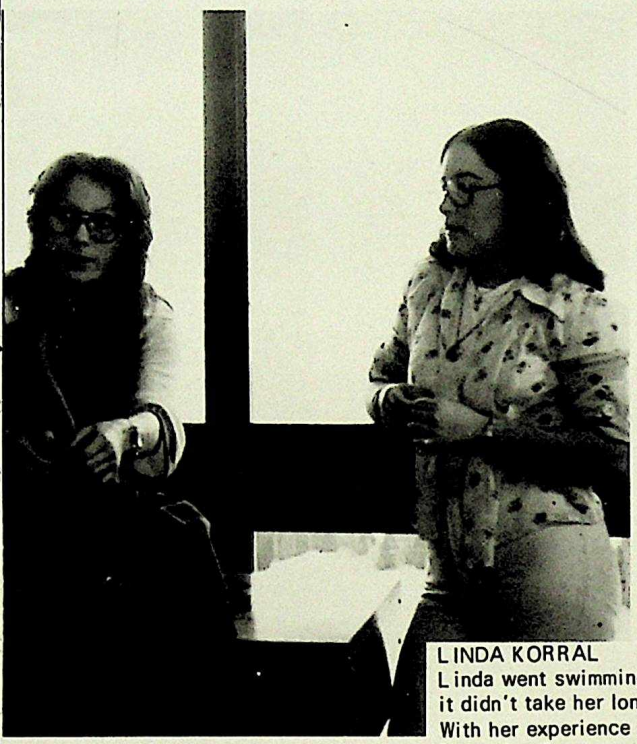
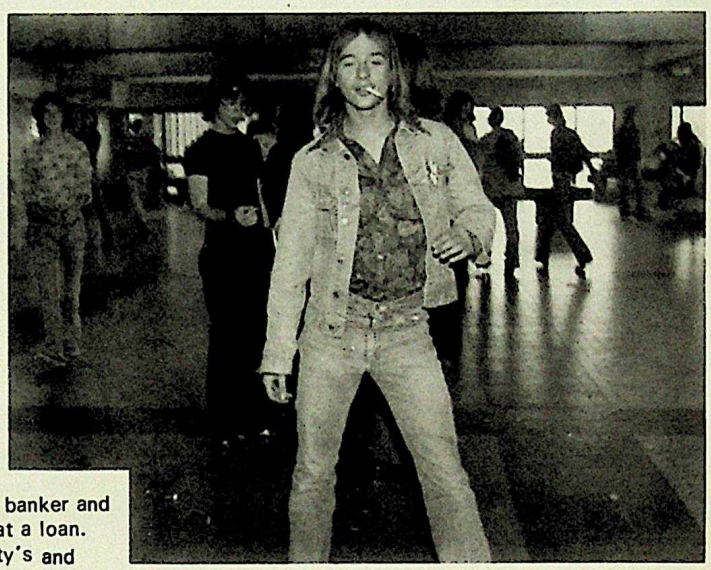
CHERYL SHAPKA
Cheryl is quite a dancer, she can really boogie – she learned it on the farm – drove a tractor with a loose seat. Cheryl will really take a lot more dancing lessons, like ballet, now that she is graduating, because her teachers told her that out in the big world you have to stay on your toes and you can't be too-too (tu-tu) careful. She doesn't know if she should take all that jazz, though.

KEVIN TEAGUE
Kevin will become a world renowned artist. In fact he has already been offered two very substantial apprenticeships. One from Lucky Eddy's Tatoo Parlor and the other from Big John Flush's Outhouse Redecorating Ltd.

PAT BONYAI
Pat dresses like a lady. Lady Godiva. Tight clothes don't stop her circulation, the tighter her clothes, the more she circulates. Pat's in business education and it's not very often you see her type. Pat will get a job with the Xerox company and reproduce and reproduce and reproduce. . .



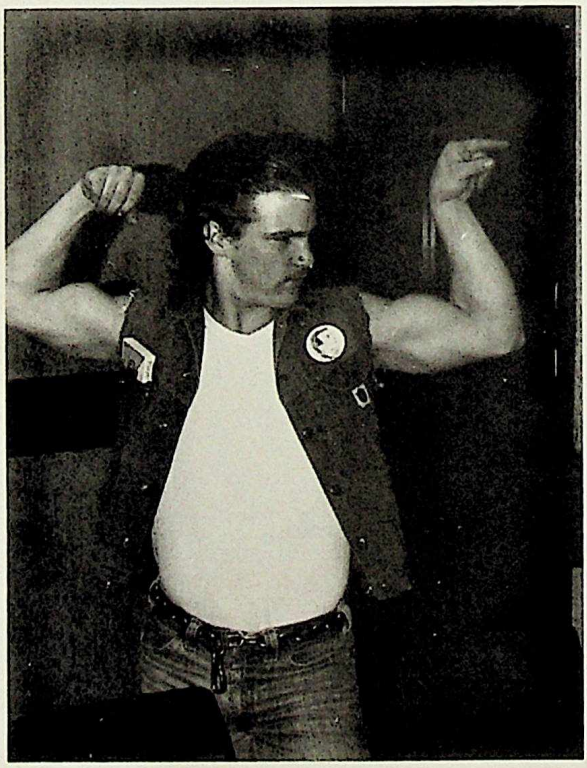


LINDA KORRAL
Linda went swimming with a banker and it didn't take her long to float a loan. With her experience at Thrifty's and borrowing from certain teachers she will open up her own finance company. Linda's Lenders for the Big Spenders.

CHRIS BARBER
Chris believes he is God's gift to women. He will be asked to appear in Playgirl magazine – No not as the centerfold – in the back section as the "before" photo in the Charles Atlas 78 pound weakling advertisement.

JOAN EDWARDS
Joan – with her experience in Photography and her good looks – will become a magazine advertising model. The pinnacle of her success will come when she makes the back cover of Mad Magazine advertising Preparation H and saying "What, me worry?"

GRANT RUTKOWSKI, GARY ANDREWS, BOB PROUDFOOT
I don't understand this one, but Sarge says that she thinks these three will be doctors. She says they spend every class in her room at the back, playing kneesies and examining each other's bodies.



ROBERT DMETRUK
Robert will use his experience in the Foods area to get a job driving a truck for Queen City Meats. He will become famous. When people see him working, they will say – "There goes De Meat Truck".

KEN DUTCHEK
Take a good look at Ken – notice his hair, his body, his voice – say something Ken. I predict Ken will get a good job because of his appearance, with the Federal Government – Department of Tourism. His job will be to streak stark naked, through camping sites at Jasper National Park. For this he will be named Sasquatch of the Year for 1977.

EARL TURVEY
Earl will be the next Dean Martin of the Master of Ceremony world – Already we saw him pour his juice in his nose while we were toasting – he thought he was taller. The reason they use Earl as an MC is that Earl is like one of those Topsy-Turvy toys you knock it over and it bounces right up again. You probably didn't see him fall down four times already tonite. He is 110% swacked on wild gooseberry wine – but he just pops up again and says "And for our next speaker . . ."
